".... a partnership approach, understanding our business, our people and our objectives."

Liberty HR is a specialist provider of Human Resources Support. We are dedicated to relieving small and medium sized employers from the burden and complexity of increasing employment law. We achieve this through provision of an employer friendly, expert service that gives employers protection and peace of mind, allowing them to focus on the core business, free from distraction.

To achieve exceptional results for your business, we take time and care:

TO UNDERSTAND your business and identify the areas where we can add value.

TO DESIGN a tailored solution for your business, providing what you need, when you need it!

TO DELIVER the necessary practical support and assistance that produces business results.

We have options to suit all our customers, whether it's a one off or on-going support.

PAY AS YOU GO – We work with you on an affordable hourly, daily or project basis.

CONTRACT – This retained service approach provides on-going support at a fixed cost.

Our business is to understand your business and to use our people management experience and expertise to make a difference. We take pride in our reputation for success and can help you to achieve improved business results.
